IMPORTANT INFORMATION

PDH STAR, as a NYC DOB approved SST course provider, is required to verify all training done outside of our organization, verify identity, address, height, and eye color for every SST card applicant prior to any card issuance. Before submitting your SST card application, please make sure your application is signed and includes your photo, and clear copies of your training certificates, ID, and, as appropriate, address.

SST card applications are processed in the order they are received, and typically take 7 business days to process. If you have done part of your training outside of PDH STAR, we cannot guarantee turnaround time for card processing, as reply times by other course providers vary.

Please review the DOB requirements for ID and proof of address and your photo on our web site, and make sure your documents comply with the requirements. In general, a valid New York State driving license or ID is sufficient for ID and address verification. If you are submitting an out of state driver's license, passport, or any other ID document, please review the requirements in the link above as you may need to submit a separate proof of address, in form of a utility bill or other official document, dated within the last 60 days.

☐ By checking this box and signing below, I acknowledge that I have read the above statement, and agree to comply with the DOB requirements. Failure on my part to provide sufficient information and verifiable evidence of my training, ID and/or proof of address, may result in my SST card application to be denied. I confirm that the above provided information is true to the best of my knowledge.
